A little about CHOAIDS

- This was our first orphanage, we have been supporting them for 6 years and watching them grow!
- All the kids at CHOAIDS have AIDS and are being treated by Grace Children's Hospital in Port-au-Prince which is a Methodist supported mission.
- Although some of the kids are older, the AIDS and malnutrition before they came to CHOAIDS really stunted their growth in all ways; physically, mentally and emotionally. We are currently exploring options to help them transition.
